[078870993](tel:078870993)

[Sangkat Tuek Thla, Khan Sen Sok, Phnom Penh](#)

## SUMMARY

Web developer with hands-on experience in building responsive web and mobile applications, skilled in both frontend and backend development. Highly motivated to expand technical expertise, explore new tools and frameworks, and contribute to innovative projects while delivering user-focused solutions. Seeking opportunities to further enhance skills, gain more hands-on experience, and develop impactful, user-centered applications.

## SKILLS

**Frontend** - React.js, React Native, React Router Dom, Tailwind CSS, Nativewind, Sass, HTML, CSS, JavaScript

**Backend & Databases** - PHP Laravel, Node.js, Express, MongoDB, MySQL, SQL Server, RESTful APIs, MVC

**Other** - Version control git/github, Firebase

**Non-technical skills** - Problem-solving and critical analysis | Self-driven Willingness to learn | Laser focus | Quickly grasp new concepts

## EXPERIENCE

### Projects & Experience

#### Mobile apps:

- Uber clone - Implemented real-time ride booking features with Google Maps API for directions, travel times, and cost calculation.
- Food delivery app - Designed a Deliveroo-inspired UI with Sanity CMS integration for backend management.

#### Web sites/Web applications:

- Aba qr generator- Integrated secure test payments using ABA PayWay API
  - React tattoo studio - built with react, tailwind and firebase for deployment
- Explore more projects and source code on GitHub: [github.com/leehourr](https://github.com/leehourr)

#### Freelance Fullstack Web Developer | 2023 – 2025

- Built and deployed web and mobile apps using React.js and Laravel.
- Developed **CRM** and **CMS** applications, enabling efficient data management, user access control, and content workflows.
- Integrated third-party APIs (e.g., Google Maps, SMS gateway, Telegram bot) to enhance user functionality.
- Designed responsive UIs with Tailwind CSS and Nativewind, ensuring cross-device compatibility.
- Managed full project lifecycle: client requirements, design, development, deployment, and maintenance.
