LEANG LYHOUR

SOFTWARE DEVELOPER

Teuk Thla, Sen Sok, Phnom Penh, Cambodia | leehourdev@gmail.com | 078870993

SUMMARY

Full-Stack Web Developer with hands-on experience in building responsive web and mobile applications, skilled in both front-end and back-end development. Highly motivated to expand technical expertise, explore new tools and frameworks, and contribute to innovative projects while delivering user-focused solutions. Seeking opportunities to further enhance skills, gain more hands-on experience, and develop impactful, user-centered applications.

EXPERIENCE & PROJECTS

Freelance Fullstack Web Developer   **2023 — 2025**

- Built and deployed web and mobile apps.
- Developed CRM and CMS applications, enabling eficient data management, user access control, and content workflows.
- Integrated third-party APIs (e.g., Google Maps, SMS gateway, Telegram bot) to enhance user functionality.
- Designed responsive UIs with Tailwind CSS and Nativewind, ensuring cross-device compatibility.
- Managed full project lifecycle: client requirements, design, development, deployment, and maintenance

Web sites/Web applications

- Aba qr generator- Integrated secure test payments using ABA PayWay API
- React tattoo studio - built with react, tailwind and rebase for deployment
- Explore more projects and source code on GitHub: github.com/leehourr

Mobile apps

- Uber clone - Implemented real-time ride booking features with Google Maps API for directions, travel times, and cost calculation.
- Food delivery app - Designed a Deliveroo-inspired UI with Sanity CMS integration for backend management.
